### .2 **County Councillor** emailed reports **APPENDIX I** – Separate document.

### .3 Parish Lengthsman February report

- All Parish Council assets are in good condition.
- We had a road sweeper around the village on Thursday 23rd Feb; they only do kerbed roadsides.
- I have litter picked around Woodmanfield, Meadowside, Elder Dell, and Bidden Road as far as the water area at the entrance to Bidden Farm; half filled a green bin with bottles and cans.
- The salt bin in Elder Dell is full of water and damaged. See item 8 Village Upkeep and Highways.
- On Sunday 9th February I reported to Thames Water a sewage leak from the manhole opposite no 4 and the turning to Little Hoddington. Monday 10th Thames Water came and investigated. They determined it was a private pipeline not adopted by Thames Water and so would not clear it.
- The Parish Council arranged for Caroline's Effluent Services to attend who arrived early Tuesday morning and attempted to relieve the situation but after a while realised it was going to take time; it was fat that was the problem and as she was already booked to another job and so had to leave. She returned around 8.30pm same evening and got it flowing by around 10.30pm.
- Sunday 16th Feb I returned home around 11.30am to find sewage leaking from the manhole outside of no 28 Little Hoddington. The Parish Council again contacted Caroline to attend. She once again arrived around 6pm and called me around 10.45pm to say the pipe was clear again.
- It was another large amount of fat. Caroline said that this could have a detrimental effect on the efficiency of the pumping station. See also item 11.3 'Holme Hill Pipe for adoption'.
   End of report, Gordon Hunt

### .4 | BOAT closures – update

<u>Memorandum of understanding Between Hampshire County Council and landowners</u> <u>Dated</u>: 10 February 2025;

Start date: 19 February 2025; closure until 01 May 2025.

<u>Purpose</u>: Trial imposition of a Temporary Traffic Regulation Order (TTRO) restricting access for vehicles with four or more wheels from the complex of Byways Open to all Traffic known as Five Lanes End.

'Subject to Byways Management Agreement Code of Conduct, incl:

- Participants will provide the barriers used to facilitate the closures and remove and replace them at the instruction from HCC within 24 hours of a request.
- Barriers will be placed in a position to allow 1.5m wide clear, flat access for users of the byways not excluded by the TTRO.
- All parties agree that barriers will be confined to agreed locations, as set out in map (schedule 1).
- The Winter Closure TIRO will run from the adoption of the agreement until 1st May 2025 and again from the 1st November 2025 to the 1st May 2026, unless the period of closure is reduced or extended due to prevailing weather conditions.
- Summer Closures of the byways will be triggered by the issuing of a Yellow Weather warning from the MET Office for rain in the area. This is likely to be for a period of five days and will require all agreed routes to be closed following contact from HCC.'
- TO RECORD THANKS from all landowners 'with regards to the TTRO and giving us the chance to have this pilot scheme' – to HCC officers, County Councillors – Cllr Juliet Henderson and Cllr Kirsty North (Cabinet member for Universal Services) – and to Parish Council Chairman Charles Holroyd.
- NOTED This is a first pilot for Hampshire; if successful and approved permanently, it could be a model for others.

#### .5 Devolution and Local Government Reorganisation – update

#### .5A **Devolution**

i

- i <u>Priority Devolution</u> On 05 February 2025, Government confirmed that 'Hants & the Solent' is one of six areas accepted for Priority Devolution; others being Cumbria, Cheshire & Warrington, Norfolk & Suffolk, Greater Essex, Sussex & Brighton.
- ii Government also confirmed that there will be no Hampshire County elections this year; to be postponed for a year, so existing Councillors will stay in office until May 2026.

#### iii <u>Government Devolution Consultation</u> – further details at **APPENDIX II** The consultation runs for eight weeks from 17 February to 13 April 2025.

#### Government proposes the new authority be formally known as **'Hampshire and the Solent Combined County Authority'**.

- Combined Authorities do not replace their constituent councils which will continue to provide services in the same way (until the advent of Local Government Reorganisation).
- There is a statutory process to be followed to establish a Combined County Authority, which includes a public consultation.
  - www.gov.uk/government/consultations/hampshire-and-the-solent-devolution/hampshireand-the-solent-devolution-consultation
- The Combined Authority to be in place by April 2026 and the Mayor elected on 07 May 2026.

### .5B Local Government Reorganisation

See BDBC website www.basingstoke.gov.uk/future-councils

- Government has set out the criteria for new Unitary Authorities including
- they should include a population of at least 500K, although there may be exceptions to this if new structures make sense for a specific area.
- Outline proposals for new Unitary Authorities to be submitted to Government by 21 March and a final proposal by 26 September 2025.
- B&D is c185K population; discussions ongoing involving all Councils in Hampshire
- Under current timetable, final proposals will be considered by Government early 2026.
- New Unitary Councils will take over from April 2028, with potentially a period as 'shadow councils'.
- ii Re update from Hart DC No decisions have been made but it is most likely Basingstoke & Deane and Hart will be together, and Rushmoor has to join with Hart. These three district areas together comprise c400K population. Whether this acceptable to Government or whether an additional district will need to join the group?

All responses submitted to BDBC re the initial application, forwarded to the Inspector.

#### New NPPF and Local Plan Update .2

- Call for Sites from 06 January to 17 February.
- BDBC Cabinet meeting of 11 February confirmed that it isn't possible to proceed with the current version of the Local Plan. Following the call for sites, there is insufficient time for officers to prepare the evidence base for the additional housing sites needed. To proceed under transitional arrangements requires 80% of the new standard method housing figure, and Reg 19 consultation by 12 March.
- Thus it has been confirmed the process will go back a stage with a further Reg 18 consultation to be published in the Autumn. This will include a new spatial strategy for the higher housing numbers.
- New timetable (Local Development Schedule):
  - Additional Reg 18 Consultation under Dec 2024 NPPF Autumn/Winter 2025
  - Reg 19 Consultation on proposed Submission Draft Plan Summer 2026 Winter 2026
  - Submission to Secretary of State (Reg 22)

#### .3 Questions re Estate ground works and landscaping

Request for site visit submitted to Planning Enforcement: Their acknowledgement: Planning Enforcement Ref: EC/25/00005/UOD3 20 January 2025

Location: The Hoddington Estate, Hoddington, Upton Grev

Alleged Breach: Engineering works and creation of a golf course without planning permission. No further update so far.

#### LITTLE HODDINGTON PARK 7

#### .1 Playground

- The tennis court cleaning company can clean the playground surfaces, potentially the i. equipment. Photos sent, they will make a site visit and supply quote. (To note, ideally need a water supply closer than the pub who kindly supply the water for tennis court cleaning. Distance from pub to centre of playground is some 150m.)
- Thank you to Nigel Long for ordering / fitting new basketball (chain link) net. ii.

#### .2 Complaint re dog fouling email of 13 February from resident We have seen previous pleas to dog owners to pick up after their dogs over the years and there is no real change in the state of our village amenity. Having walked around there, there are plenty of dogs being walked around the day and evening/night and 'fouling' always visible.

For signature (p3 of 5) .....

'Signage x two completely faded. There is a complete lack of signage on the entrance points of the fines that could be imposed on dog owners. Suggestions...

- Signage on the outer fencing all around the children's play park and inside too (dogs are still being taken inside)
- Signage all around the tennis courts as dog walkers take dogs all round both.
- Signage at all three entrances to the park on trees, posts etc
- Dog fouling bags available at the village shop.'

AGREED As a first measure, to replace the old faded signs; this will also help with the impression of the area, make it look more cared for. (Action ST.)

- .3 **Recreation Ground lease** – Ref last meeting, background information and emails forwarded to Ward Councillor who has followed up with BDBC, no further information so far.
- .4 **A new tree** has been planted at the recreation ground, with the group of three Hawthorns the Parish Council planted last year. (Presumably planted by BDBC?) APPENDIX IV.

#### **VILLAGE UPKEEP & HIGHWAYS** 8

- **Pond maintenance schedule** Sections of the yellow Iris were cut back in February last .1 year. The sedge is now more dominant but will be providing cover for nesting moorhens. Works schedule: Recommended:
  - A day to clear a sections of sedge in October/ November 2025
  - Possibly some follow-on clearing work in January 2026 as needed
  - Gradual introduction of more diverse native marginal planting in cleared areas Spring, April-time next year avoiding nesting areas.

#### .2 Public rights of way

- FP12 from the top kissing gate to the end of Cleves Lane Track made very muddy by construction vehicles accessing for neighbour's septic tank. Issue raised by resident (06 Feb) and subsequently by Parish Council. Quickly rectified (by 11 Feb) with thanks to all involved, and neighbour building up the track surface with wood chip. **APPENDIX V.**
- FP8 by Holme Hill further complaint re hedge encroaching on the path from Holme Hill side. ii. Where these are private gardens, the owners have responsibility for their hedges, and this not an issue for the Management Company as such.

Noting a previous request to the Management Company to advise residents of their responsibilities. It seems that some of the hedges have been cut and some not.

AGREED To contact Management Company advising of current issue and seeking best way forward – potentially to request an email be forwarded from the Parish Council to residents bordering on the public footpath. (Action ST.)

Noted that getting late in the year to be cutting hedges. But if any that are growing onto or into the path could be taken back with care now, it will save a bigger problem later in year.

#### .3 Next County Lengthsman visit is scheduled for Friday 14 March. Tasks.... Cleaning signage around the village including Highways signs and 30mph signs. Clear area in and around Village Hall and shops; playground and tennis courts.

**Salt bin in Elder Dell** is full of water and damaged – *ref Parish Lengthsman Report at item* .4 5.3. Noting – Elder Dell not adopted, the salt bin will be privately owned – not marked on the HCC Highways asset map at *https://maps.hants.gov.uk/highwayssaltroutes*.

# .3 Holme Hill pipe for adoption by Thames Water

<u>Adoption process with Thames Water</u> to be re-started by the Holme Hill Management Co. Information and forms for adopting a sewer on the Thames Water website www.thameswater.co.uk/developers/larger-scale-developments/sewers-andwastewater/adopting-a-sewer

- 1. An application form to be submitted
- 2. The pipe to be cleaned, checked with CCTV cameras.

Specialist company Caroline's Effluent Services had started the process of cleaning the pipeline on behalf of ME, then ME went out of business and Caroline not paid for work done.

- ACTION TO DATE Requested a requote for Holme Hill Management Company for the works needed to comply with adoption requirements.
- NOTED Once the works completed and signed off by Thames Water, it seems there would be a further '12-month maintenance period' before adoption.
- ESTIMATE AND NOTES from Caroline's Effluent Services:

Estimate £3K to £4K

- Hard to quantify exactly as some unknowns and very much a one-off type job.
- Working without interruptions and problems could possibly be done in a day.
   With those things, eg if held up by needing to move for traffic, could well go into two days.
- Any traffic management needed will be on top of this price.

<u>The pub</u> To further note that a business (particular types of business) must have specific Consent to discharge to a mains sewer line. The pub would need to negotiate directly with Thames Water. *https://www.thameswater.co.uk/wholesale/trade-effluent* 

# ACTION To discuss ways forward to adoption, with Holme Hill Management Company and all connected to the pipeline (CH).

- ii <u>Two recent blockages in the pipe</u> in Bidden Road at Little Hoddington occurring Sunday 09 and Sunday 16 February. Cleared by Caroline's Effluent Services, to be paid for by Parish Council. *See Parish Lengthsman's report at 5.3 above.*
